

International Tax Cases – Update

**19 April 2023, Wednesday
4:00 pm – 5:00 pm (MYT)**

As tax authorities step up audits, enforcement and other tax collection measures, correspondingly, taxpayers have also upped their propensity to challenge the former's actions, even to the apex courts. In the common law system practised in the Commonwealth countries, the *stare decisis* principle holds sway so that case law plays a significant role in shaping the law of the land.

Join us for this webinar as our speakers share their insights on several recent tax cases decided by the superior courts of India (such as *Engineering Analysis Centre of Excellence Pvt Ltd v CIT*), Malaysia (such as *DGIR v Malaysian Bar*) and other jurisdictions that may have far-reaching implications.
