Korea Tax Conference

# 2021 IFA Korea Korea Tax Conference (Webinar)

Oct. 28 - Oct. 29.  
2021

## Dear IFA Friends & Tax Professionals

As the president of IFA Korea, I would like to invite you to the 2021 IFA Korea - Korea Tax Conference (Webinar), which will be held virtually from October 28 to October 29. Inspired by the enthusiastic responses of the participants sent to the Korea Tax Conference held in 2019 and 2020, IFA Korea decided to hold another conference this year.

IFA Korea earnestly desires the conference to be a useful forum to introduce developments in the field of international taxation over the last year in Korea for foreign companies operating in Korea, and to inform Korean companies entering foreign countries about the potential issues they may face in these foreign tax regimes.

The two-day conference features many significant tax topics and developments, and will give you an opportunity to refresh and deepen your understanding, particularly on the following subjects:

### <First Day> English only

- ▶ Recent tax appeal and court decisions related to international tax in Korea
- ▶ Recent trends in tax and customs audits and tax rulings in Korea
- ▶ Update on recent transfer pricing rules and transfer pricing implications of COVID-19 on MNEs
- ▶ Korea's proposed tax law amendments for 2021 impacting global companies doing business in Korea

### <Second Day> Korean only

- ▶ OECD/IF final agreement on digital tax and its implications for Korean multinationals
- ▶ Korea's proposed tax law amendments for 2021 that may impact Korean multinationals
- ▶ The impact of the proposed U.S. Tax Reform Bill on Korean multinationals doing business in the U.S.
- ▶ Updates on Vietnamese Tax Law and Administration for the benefit of Korean multinationals doing business in Vietnam

I look forward to your active participation in this tax conference, even though the conference is a virtual conference this year.
